WHAT IS HABONIM DROR?

A Socialist, Zionist, Culturally Jewish Youth Movement, Habonim Dror has been at the forefront of Jewish education in the UK and internationally for almost 90 years. Habonim, “The Builders”, was created in 1929 in the East End of London, to create a space for Jewish children to gain a strong grounding in Jewish culture and the importance of Israel as a focus for the Jewish world, with chaverim going on to establish a number of kibbutzim in Israel. Dror, “Freedom”, was formed in 1915 by the secular pioneers of Russian Zionism, who were later on the frontline of the Jewish underground in Poland, participating in the Warsaw Ghetto Uprising.

With the formation of the United Kibbutz Movement in 1980, the two youth movements united and Habonim Dror “The Builders of Freedom” was born. Graduates of HDUK include Sacha Baron Cohen, David Baddiel, Mike Leigh, Baroness Deech, Tony Judt, Jonathan Friedland and Dan Patterson. Graduates of HD worldwide include Golda Meir, Seth Rogen, Stanley Fischer and Mark Regev (Ambassador of Israel to the UK) to name but a few.

Today, Habonim Dror operates in over 20 countries from Argentina to Zimbabwe and still holds true to the aims and values of educating and inspiring Jewish youth that have been at the core of the movement since its conception.

We aim to create a culture and educate based on our worldly values of equality and empower Jewish youth to take responsibility for their Jewish and Zionist identity, the Jewish people, Israeli society and the world at large. Our activities at Habonim Dror UK reflect these ambitions, through our regular Ken activities across the country, residential weekends, day-schemes, school clubs, hadracha (leadership) courses, Israel Tour, our Shnat (gap year) programme and of course our Summer Machanot (camps).

THE MADRICHIM

Our Madrichim (leaders) are all fully-trained and well-equipped to lead on Machaneh. Habo Dror has a rigorous hadracha (leadership) course which begins on Israel Tour. Our Madrichim receive year-round training in education, welfare and a wide range of leadership skills.

Habo Dror seeks to educate the next generation of Jewish Brits into becoming tomorrow's strong and courageous leaders. The informal and dynamic youth movement environment allows for their empowerment, self-realisation and ultimately, the moulding of inspiring and responsible leaders.

"The Madrichim clearly worked so hard to make this a memorable experience for the Chanichim."

"My madrichim were really approachable and kind."

MACHANEH!

Machaneh (summer camp) is the highlight of the year for our chanichim and madrichim; a place where life-long memories and friends are made, endless hours of fun are had, and magical Habo nights are spent singing around the campfire.

Alongside all of this, on Machaneh we endeavour to take our Chanichim on an experiential educational process using innovative techniques and methods of informal education to give chanichim (participants) their own space to learn and explore things in their own way.

Our experiential methods of educating our youth include: group discussions and sichot (conversations), skits and role-plays, interactive and immersive activities, games and many other stimulating and thought-provoking activities which have all been carefully created by our own madrichim in the run up to Machaneh.

We run a unique camp-wide Shabbat service, which allows for chanichim (participants) across all shichvot (year groups) to feel connected to Judaism, to each other and to the movement as a whole.

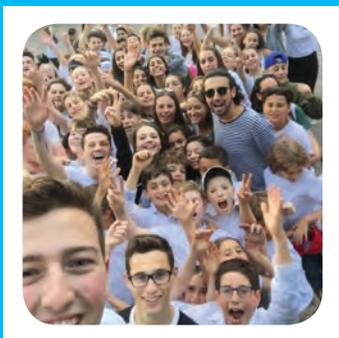

At Habonim Dror we work hard to create a unique inclusive atmosphere that makes our Machaneh (summer camp) a home away from home for every child. We work especially hard to ensure any first-time campers are made to feel welcome and integrated into their groups.

PLACES ARE STRICTLY LIMITED - PLEASE BOOK AND PAY YOUR DEPOSIT ASAP TO SECURE YOUR PLACE ON CAMP!

Come and experience the magic that is a Habo Dror Machaneh!

KVUTSOT

On arrival at camp, chanichim will be split into smaller kvutzot (tiyul groups) of around 10-12 girls and boys, accompanied by 3-4 madrichim (leaders). These groups will be mixed, allowing chanichim to bond with new people, as well as rekindling old friendships. The kvutzot remain their 'camp families' for the duration of Machaneh.

TIYUL

With the exception of Efrochim, who go on a one night tiyul midway through camp, all chanichim begin their Machaneh experience with several days' tiyul (hiking) through the countryside.

In their kvutzot, the chanichim travel on foot from one campsite to the next, breaking throughout the day for activities or relaxation. They will enjoy lunch in the local villages or the beach.

During this time, they get the opportunity to participate in varied outdoor activities, visiting funfairs and spending time on the beach. Tiyul is weather-dependent.

UNDER THE STARS

During tiyul, the chanichim sleep in tents, enjoy barbecues and traditional Habonim Dror campfire singalongs.

Tiyul is truly the most unique of all Habonim experiences... Years later, people still talk about tiyul as their favourite Habo memory. In the unfortunate event of Tiyul being rained off, chanichim will return to the safety and warmth of Megasite where the madrichim endeavour to recreate the Tiyul atmosphere.

WELCOME TO MEGASITE!

After a fun-filled adventure on Tiyul, the chanichim in Years 5-9 are welcomed onto the Habonim Dror Megasite in South Wales. This is a purpose-built, secure 100 acre site in the Welsh countryside which has a small farm and a river running through it. Sleeping accommodation is split between small cabins and larger dorms. There is a 10,000 sq ft hall, alongside a number of other activity rooms for when the Welsh weather is being less kind to us.

WHAT HAPPENS AT MEGASITE?

Megasite houses four of our summer camps for ages 9 – 14. This enables the chanichim to be part of a huge Habo Machaneh experience whilst also engaging in separate activities with their peers tailored specifically for their particular age group.

FUN

Habo summer camps always involve large-scale fun activities such as a Colour Wars, Murder Mystery, Habolympics and camp fires. Chanichim also have fun whilst learning about Habonim Dror, Israel and their Jewish identity and values.

LEARNING

Informal education is at the forefront of everything we do as a youth movement. Our carefully planned tochnit (theme) develops a positive and rich Jewish identity in our chanichim, which enables them to understand and appreciate our Jewish heritage and culture. Each year we have a specific tochnit that is the main focus of our peulot (activities). The last couple of years have seen themes such as 'rebellion' and 'identity'. This year's will be 'freedom', where we will explore such concepts as freedom of speech, societal and religious constraints and modern day slavery. This theme will be tackled in different age-appropriate ways throughout camp.

Each day the girls and boys take part in creative sessions run by the madrichim who have undergone extensive leadership training and spent considerable time preparing the activities.

SAYARIM

The Netherlands

30 JULY – 13 AUGUST

Year 10 (S3)

Early bird £1245 (until 28/02/17)

Full price £1345

Suggested Kuppah £35

Described by a leading Jewish educator as “the premier Holocaust seminar for teens in Europe”, Sayarim offers chanichim the experience of a lifetime before next year’s Israel Tour. This is a well-renowned camp across the generations and always one of the most popular - a real highlight of chanichim’s Habo journey.

LEARNING ABOUT THE HOLOCAUST

Based in Holland, chanichim will begin their journey in learning about the Holocaust and its place in Jewish history – in what promises to be an unforgettable and meaningful experience. The tochnit (educational programme) helps chanichim of all educational backgrounds to engage in discussions with one another about the Holocaust and how it affects us today.

ACTIVITIES

As learning about the Holocaust can be very intense, we recognise the need to maintain a balance for the chanichim on Sayarim. We therefore ensure that each day includes lots of fun, traditional Habonim Dror peulot (activities) including the legendary HDUK Murder Mystery, Habolympics and Colour Wars. Chanichim will also be treated to a day out at one of the biggest theme parks in Europe.

THE GREAT OUTDOORS

We take advantage of the Dutch sunshine and run as many activities as possible in the beautiful fields of our long-standing site. As with the other Machanot, Sayarim begins with a four night expedition on tiyul exploring the Dutch countryside and enjoying the usual campfire ruach.

PLACES ARE LIMITED. PLEASE BOOK AND PAY YOUR DEPOSIT AS SOON AS POSSIBLE TO SECURE YOUR PLACE.

FAQ

Q What does a typical day on camp look like?

There is no such thing as a 'typical day'. However, each day will consist of a number of educational peulot (activities) as well as kef (fun) peulot. Each day includes some 'free time' where chanichim can relax with their friends. A number of special traditional activities which have become synonymous with Machaneh will also be run for chanichim over the course of their camp, including Colour Wars, Habolympics, chuggim (a choice of activities), camp fires and the legendary Murder Mystery.

Q What happens if my child is unwell / in case of medical emergency?

Fully qualified medics are present at all times for the duration of camp. There is also a Welfare Officer on Megasite. All madrichim are trained to deal with basic first-aid and welfare issues, with Roshim (heads of camp) having received extensive welfare training on such matters as physical and/or mental issues to homesickness and first periods. Please be assured our madrichim are prepared for any problem that may arise during camp. It is important to us that your child is in the safest hands possible on a Habonim Dror Machaneh.

Q Can I contact my child whilst they are away on camp?

In order to encourage chanichim to be fully engaged, not only in our activities but also in their own social activities, Habonim Dror Summer Machanot operate a strict no-mobile phone policy. This also ensures the safety and security of all those involved as it would be impossible for us to monitor their social media activity. It minimises the potential for home-sickness, as well as eliminating the risk of phones being lost / damaged. Each chanich/a will be encouraged to make at least one phone call home per week, and if they wish to call home in addition to this, they are very welcome to do so – they just need to ask their madrichim. This year we have invested in more mobile phones for the chanichim to use, however with patchy phone signal, it might take a few days to get round all the children with their phonecalls so please bear with us. Please understand that some children also opt not to call home – take this as a good sign. Our team of movement workers are contactable 24 hours a day in case of an emergency and we ask parents to support us in enforcing the no-phones policy in order to ensure all chanichim are in the same position.

Q Who will be looking after / running activities for my children?

Each camp has its very own tzevet (leadership team) of between 10 and 15 madrichim (leaders). The madrichim on each tzevet will consist of a mixture of ages and will represent a balance of genders. Every madrich/a has been DBS checked.

Each tzevet will be led by two Roshim (heads of camp) who are responsible for organising their tzevet and ensuring their Machaneh is running smoothly and efficiently. Roshim will also ensure that any welfare issues that arise over the course of Machaneh are dealt with swiftly and appropriately – so that every camper is a happy camper.

Each camp will also have designated rakazim (organisers) who are responsible for overseeing the logistical needs of the camp, as well as making sure the camp's kitchens and store rooms stay fully stocked. There will also be movement workers (full-time employees of Habonim Dror) on Megasite for the duration of Machaneh, who are fully contactable should any emergencies arise over the duration of camp.

Q Who is cooking the meals?

This year we are employing qualified and paid kitchen staff to prepare the meals for the children. Helping them in the kitchen will be a designated team of kitchen madrichim ('Mitbach') and a full and varied menu plan will be set by an experienced former madricha in conjunction with the kitchen staff. There is always water, squash, fruit and biscuits available throughout each day, and ample quantities of food are prepared for each meal so the children should never go hungry. If your child has particular foods they will not eat, please mention this in the application form.

Q Will I get updates from the madrichim?

We will send at least a couple of email updates each week to parents, and each camp will post some photos on our Facebook page every few days. We aim to get as many photographs as possible, but the priority for the madrichim will always be the care of your children, so whilst they will aim to document the camp as well as possible, it might not always be the case that your child will appear in the photos on Facebook. We ask you to be assured that no news is good news and remember the days before social media and 24/7 contact.

The leaders were responsible and caring, enabling the participants to feel at ease. Communication was spot on.
